AUSTRALIAN CHAMPIONSHIPS OF 1956-57

The Marathon and 50 Kilometres Road Walking Championships of Australia were held from Olympic Park, Melbourne over the Olympic Games Courses on September 8th and 9th, 1956. For the Marathon Championship the weather was fine, but overcast, with a cool breeze, Light rain fell throughout the Road Walking Championship, with, at times, a cold breeze.

Good weather conditions favoured the Track and Field Championships of Australia which were held at Olympic Park, Melbourne on March 9th and 11th, 1957. On the First Day a steady following wind aided competitors in the 100 yards and the 120 Yards Hurdles.

The history of the United States is a story of growth and change. From the first settlers to the present day, the nation has evolved through various stages of development. The early years were marked by exploration and the establishment of colonies. The American Revolution led to the birth of a new nation, and the subsequent years saw the expansion of territory and the growth of industry. The Civil War was a pivotal moment in the nation's history, leading to the abolition of slavery and the strengthening of the federal government. The late 19th and early 20th centuries were characterized by rapid industrialization and the rise of big business. The Progressive Era brought about significant reforms in government and society. The 20th century has been a period of global conflict, social change, and technological advancement. The United States has emerged as a superpower, playing a leading role in world affairs. The future of the nation remains uncertain, but its history provides a rich and complex legacy.
